Standard Pallet Base & Easy Leveling

Double Door Archival Cabinets are designed with an elevated pallet base for easy installation. All cabinets feature 4 leveling feet to ensure cabinet is plumb and level.

Stackable Units

Counter Height Archival units can be stacked to conserve floor space and have a specially designed panel option to cover the front base if desired.

Eco-Friendly

Our Museum Cabinets are made in the USA. They are eco-friendly with 40% recycled steel content and no VOC finishes to harm your collections or the environment. Aurora Storage is a proud member of the US Green Building Council.

ARCHIVAL CABINET FEATURES

Aurora's line of Archival Cabinets have unique features that make our cabinets second to none.

Water Shield Top

design included on all cabinets in the event of overhead sprinkler discharge.

Multiple Accessories

Choose from a variety of adjustable shelves, drawers, and dividers.

Durable Powder-Coat

Finish has ZERO Off-Gassing making it harmless to collections.

Steel-Reinforced

Full perimeter reinforced lift-off doors will not warp, rattle or flex. No other competitive cabinets have this solid reinforcement.

Hinge Design

Heavy Duty Lift Off Hinges feature large diameter pins to easily seat door to cabinet in the event of door removal. Hinge pivot allows door to swing open flush to side of cabinet.

Accessible Handle

Unlike competitive units with handles sealed within riveted doors, this handle mechanism is readily accessible.

Industry-Unique Compression Handle

standard on all cabinets to effectively compress the silicone door gasket at multiple points.

Optional Work Surface

The Rollout Work Surface slides out to create a quick work area for your working notes or to view samples.

Silicone Gasket

with ZERO Off-Gassing to protect collections.

Heavy-Duty Base

Specially reinforced base for solid cabinet integrity. Double door models accept forklifts for installation and moving. Base has easy access to levelers in all 4 corners
